Reduce, Reuse & Recycle

> These orientation last between 45 minutes and an hour depending upon the Question & Answer session. Additional communication with AAA board members will be arranged upon request.

The Association for Accounting Administration is committed to providing our members and their respective firms with an experience instead of a traditional membership.

For over 25 years, AAA has been an organization with some of the brightest and most talented people in our profession. And the tradition continues. We have called upon that knowledge base and will be providing new members (and those renewing who would like a refresher course) with access to information and answers to their questions.

The goal? To provide a convenient way for members to explore the benefits of the AAA Experience.

Discover the resources and networking opportunities the Association has to offer by joining us for one of our Member Orientation webinars. If you are interested in securing a mentor, let us know. We have found that the more you are involved and give of yourself, the better the experience. We hope this program will provide a better understanding of the organization and its goals and objectives so that you are able to participate to the fullest with a significant return on your investment.

> **Who Should Participate?** New or renewing members are encouraged to invite others from their firm to join the orientation . . . COOs, Firm Administrators, Controllers, Network Administrators, Administrative or Managing Partners, CFOs, HR Directors, Marketing Directors, Office Managers . . . the more the merrier and the more beneficial to the firm.
